

Vision Statement:

- Enabling all students to maximise their potential by delivering best practice in teaching and learning and developing them as C21st learners.
- Delivering a rich curriculum that increase students' capacity to think, achieve and lead.
- Honouring individual needs and developing strengths through a culture of collaboration and care.
- Skilling students to stay safe- emotionally, socially and physically.
- Building character strengths for life long success, such as a love of learning, critical thinking, curiosity, creativity, perseverance, resilience and a healthy lifestyle.
- Developing responsible and contributing citizens, proud of their community and globally aware.
- Engaging students in understanding and contributing to sustainability.
